<p>The Royal Children's Hospital</p> <p>The Royal Children's Hospital's (RCH) vision is A world where all kids thrive.</p> <p>RCH is located within the Melbourne Biomedical Precinct, with more than 45 world-class biomedical organisations and more than 50,000 of the brightest minds working together to make the Precinct number one in the Asia Pacific region for health, education, research, and training. Within this, RCH is also a cornerstone member of the Melbourne Children's Campus, partnering with Murdoch Children's Research Institute, The University of Melbourne Department of Paediatrics and The Royal Children's Hospital Foundation. Each organisation contributes to a paediatric academic health centre which is greater than the sum of its parts.</p> <p>RCH has cared for the children and young people of Victoria for more than 150 years since it was founded in 1870. A full range of paediatric and adolescent health services are provided plus tertiary and quaternary care for the most critically ill and medically complex patients in Victoria, Tasmania, southern NSW and other states around Australia and overseas. The RCH is the only provider of heart transplant services and CAR T-cell therapy for paediatrics in Australia. RCH is an effective advocate for patients and their families with a particular focus on vulnerable children and increasingly, mental health in young people. The hospital also supports many health promotion and prevention programs. The Hospital has more than 6,000 staff, a budget of \$850M, 12 wards and 350 beds. Annually, the RCH has 300,000+ Specialist Clinic appointments, 90,000+ Emergency Department presentations and 20,000 elective surgeries.</p> <p>We work collaboratively with hospitals to deliver the right care, in the right place, at the right time. The RCH is committed to the Child Safe Standards https://www.rch.org.au/quality/child-safety/.</p> <p>RCH enjoys high employee engagement and is committed to staff safety and a positive culture through enactment of our Compact.</p> <p>Further information on RCH is available at www.rch.org.au</p>

<p>ROLE CONTEXT</p> <p>The Royal Children's Complex Care Hub is an interdisciplinary service that has been established to lead and coordinate the health care experiences for complex patients and their families. Patients with complex needs frequently require multiple teams, advanced technology and medical equipment to support their care needs, both within the hospital and at home.</p>

--

ROLE PURPOSE

<p>As an integral part of the Royal Children's Complex Care Hub, the role of the social worker is to deliver and improve service provision for children with complex needs and their families and to initiate strategies to better supports their care and treatment. The social worker will work in partnerships with families of children with complex care needs, and work in close liaison with other service providers both within the hospital and the community.</p> <p>The Complex Care Hub Social Worker provides social and emotional assessment, support and intervention for children and family where issues are identified as impacting on quality of life and outcomes for the child. This includes areas such as new diagnosis, chronic illness, social issues impacting on the child's wellbeing and family functioning, parenting difficulties, psychological health issues, child behavioural issues and a broad range of social support issues. The role also works to ensure that the protective and psychosocial needs of vulnerable children and families are addressed in a timely and appropriate manner.</p>
--
