The Royal Children's Hospital
The Royal Children's Hospital's (RCH) vision is <i>"A world where all kids thrive"</i>. RCH is located within the Melbourne Biomedical Precinct, with more than 45 world-class biomedical organisations and more than 50,000 of the brightest minds working together to make the Precinct number one in the Asia Pacific region for health, education, research, and training. Within this, RCH is also a cornerstone member of the Melbourne Children's Campus, partnering with Murdoch Children's Research Institute, The University of Melbourne Department of Paediatrics and The Royal Children's Hospital Foundation. Each organisation contributes to a paediatric academic health centre which is greater than the sum of its parts. RCH has cared for the children and young people of Victoria for more than 150 years since it was founded in 1870. A full range of paediatric and adolescent health services are provided plus tertiary and quaternary care for the most critically ill and medically complex patients in Victoria, Tasmania, southern NSW and other states around Australia and overseas. The RCH is the only provider of heart transplant services and CAR T-cell therapy for paediatrics in Australia. RCH is an effective advocate for patients and their families with a particular focus on vulnerable children and increasingly, mental health in young people. The hospital also supports many health promotion and prevention programs. The Hospital has more than 6,000 staff, a budget of \$850M, 12 wards and 350 beds. Annually, the RCH has 300,000+ Specialist Clinic appointments, 90,000+ Emergency Department presentations and 20,000 elective surgeries. We work collaboratively with hospitals to deliver the right care, in the right place, at the right time. The RCH is committed to the Child Safe Standards https://www.rch.org.au/quality/child-safety/. RCH enjoys high employee engagement and is committed to staff safety and a positive culture through enactment of our Compact. Further information on RCH is available at www.rch.org.au

ROLE CONTEXT
The Physiotherapy Department operates within the Directorate of Allied Health and is comprised of Physiotherapists and Allied Health Assistants, providing tertiary level care to inpatients and outpatients. Our mission is to optimise children's health and function in partnership with families, and provide evidence-informed physiotherapy care at the right time and in the right place.

The Physiotherapy Department provides a clinical service seven days/week, including daytime and evening shifts. Grade 1 Rotational Physiotherapists are rostered across all hours and days of the Physiotherapy Department service.

ROLE PURPOSE

By working in close collaboration with medical, nursing and allied health staff, the Grade 1 Physiotherapist will ensure that services provided to children at RCH are innovative, evidence-informed and provided in a child and family centred context. Clinical services are provided across both inpatient and outpatient settings as well as both land-based and aquatic environments.

As part of the Paediatric Rotation Program (PRP), the Grade 1 Physiotherapist will rotate across different clinical areas within the Physiotherapy Department. Rotation compositions may change over time with respect to demand and workforce needs, but generally they include:

- Orthopaedics and orthopaedic surgery
- Burns, plastics, haematology and rheumatology
- Respiratory medicine, allergy and immunology
- Intensive care, developmental medicine, cardiac surgery and transplants
